

If you've ever struggled with social media and felt like you aren't getting the attention you want just know you're not alone. The good news is that with a few simple tweaks you can do better! Here are 10 tips that you can use and implement right away to make your business more successful on social media!

ten next level social media tips

- 10 Share other people's photos with your words, but make sure you give them credit.
- 9 Post at different times and track results to find out when you get the most interaction.
- 8 Use a photo editing app like A Color Story or PicTapGo to edit every photo you post.
- 7 Utilize all of your 30 allowed hashtags.
- 6 Share across multiple social media platforms, but tailor the posts to each with a few changes.
- 5 Make it clear what you want your followers to do next by providing instructions and links.
- 4 Make your content concise and quick to read. Don't use 30 words where 3 are needed.
- 3 Give people the content they want.
- 2 Schedule ahead to avoid dry spells.
- 1 *always be vulnerable and real.*
(even though you will for sure catch some hell.)
